Other MVED Items

Advertising and Other Dealer Regulations
Dealers with questions on advertising or other rules regarding licensing, signs or other matters can obtain information by going to the Tax Commission on-line site at www.tax.utah.gov and clicking on the Tax Research Library. In the section dealers can find the current Motor Vehicle Enforcement business regulations regarding advertising and other matters. Also the Motor Vehicle Enforcement site can give you access to all state statutes regarding motor vehicle dealer and licensing issues.

Unlicensed Sales Personnel
Remember that there are very stiff fines for having unlicensed salespersons working at the dealership. The dealership is responsible to make sure all employees involved in selling motor vehicles are licensed and that the salesperson licenses are posted in the dealership and available for inspection.

Off-Site Sales
A reminder that Utah law requires that dealers holding sales away from the dealer business location must obtain an off-site sales license from MVED in advance of the sales event. A TC-758 form must be submitted along with a picture of the sign to be used at the sale, and a $26.00 fee.

Removal of Old License Plates
The Motor Vehicle Division has been receiving complaints from people who have traded in vehicles to dealers or that have been towed to impound yards and that apparently were sold with the prior owners license plates left on. Some of these vehicles have been operated with the prior owners license plate, receiving parking citations or being used in crimes. Please make sure you remove all license plates before you sell a vehicle. License plates should be returned to the Motor Vehicle Division. The Utah law addresses this issue in:

41-1a-701. Transfer by owner -- Removal of plates.
(1) If the owner of a registered vehicle transfers his title or interest to the vehicle the registration of the vehicle expires. The owner shall remove the license plates from the transferred vehicle.
(2) Within 20 days from the date of transfer the owner shall forward the plates to the division to be destroyed or may have the plates and the registration number assigned to another vehicle, subject to the rules of the division.
