Changes to MVED Licenses

The look of an MVED License is changing April 15, 2024. Licenses will no longer be printed on the blue/red paper stock. This change will allow a business to print their own licenses from their MVP account. After you renew and MVED has processed your renewal request, you will get an email advising you to log in and print the licenses. Decals will still be mailed out.

You can also log in and print out off site licenses, and permanent additional location licenses or reprint licenses that are lost.

To print any of your licenses log into MVP, under Other Actions section select View Licenses. Print out the licenses you need.

*Note - only licenses processed after 4/15/2024 will be available online for printing.

MVP—Motor Vehicle Portal

Dealers, there is a new way to have your titles and registration processed! It is now possible for dealers to upload documents through MVP to process titles and or register vehicles. When the title/registration transfer is completed, the plates will be mailed to the customer and an itemized receipt will be emailed to the dealership. *Note MVP can only be used for title transfers. Title corrections, plate or decal replacements, etc cannot be done through MVP.

If any dealership is interested in this new process or have more questions please contact Dealer Services Unit 801-297-2690 and ask for Alison or Jane Ann or email dealerservices@utah.gov

Form TC-466 FAQ

<https://tax.utah.gov/forms/current/tc-466.pdf>

What charges can be included in the “Optional charges” section?

The “Optional charges” section may only include charges for goods or services that the purchaser may decline and still be permitted to purchase the vehicle for the negotiated price. If the negotiated sale price includes certain goods or services, then the charges for those goods or services are not considered optional.

If there are more than 6 optional charges, can an addendum be used?

Yes, an addendum to form TC-466 may be used. If an addendum is used, the total from the addendum must be listed within lines a-f of the “optional charges” section of form TC-466. Additionally, if an addendum is used, the “total optional charges” on line 4 must include the total of amounts listed on any addendum.

What type of vehicle sales require a completed TC-466?

The sale by a dealer of any new or used motor vehicle as defined in Section 41-3-102 must be accompanied by a completed form TC-466.

Permit Fees

We have noticed that some Dealers are charging the wrong amount for temporary permits to their customer. Dealers cannot charge an amount that exceeds the cost of the permit. IE: a book of permits is currently \$304. Which is \$12.16 per permit. You cannot charge the customer more than \$12.16 for the temporary permit.

Sales Tax on Out of State Purchases

Please do not assist customers in avoiding the payment of lawful sales tax on any vehicle purchase. All dealers must maintain complete and accurate records for any sale in which Utah sales tax is not collected.

MVED 45–Day Temporary Permits CANNOT be issued to watercraft

Please visit this website to find out more about demo boat permits or how to purchase boat permits to issue to a customer purchasing a boat. Using an MVED 45-Day permit improperly could result in a citation.
